GUIDELINES FOR ALL HOOSIERS

- Hoosiers 65 and older and people with known high-risk medical conditions should limit exposure at work and in their communities
- Continue remote work when possible
- Face coverings are recommended
- Social gatherings of up to 100 people may take place following the CDC social distancing guidelines. The coronavirus is often spread among groups of people who are in close contact in a confined space for an extended period of time. This limit applies to wedding receptions, parties, and other events where people are in close physical contact for extended periods of time
- Assisted living facilities and nursing homes remain closed to visitors; this guidance will continue to be evaluated
- No travel restrictions

SUGGESTED SOCIAL GATHERINGS
VENUE GUIDANCE
For a single defined space, all public and private meetings or gatherings may have up to 100 people when social distancing can be accomplished and other sanitation measures are implemented. It is highly recommended that tools be used to complete a health screening for attendees.

For locations with multiple, clearly separate areas, such as separate banquet rooms or multiple sports fields, each separate area may have up to 100 in each section or segment with these accommodations:

- Ensure separate gatherings do not commingle
- Within each segment/gathering, ensure 6 feet of social distancing between each table with no more than 6 individuals at any table, and for classroom, auditorium, bleacher or other style seating, ensure 6 feet of separation between individuals or household units
- Ensure separate and designated restroom facilities for each site/gathering that can adequately provide services for attendees
- Provide hand sanitizer or other prevention supplies
- Attendance is prohibited if individuals are sick or recently exposed to COVID-19. It is highly recommended that tools be used to complete a health screening for attendees

Multi-day meetings or gatherings are strongly discouraged.
